

## SEES ANTI-SEMITIC PROPAGANDA IN U.S.

John Spargo Prints Protest Indosed by President Wilson and Others.

BENNINGTON, Vt., January 17.—A protest against anti-Semitic propaganda in the United States, bearing the names of President Wilson, William H. Taft, Cardinal O'Connell and 115 other widely known men and women of Christian faith, was made public here last night by John Spargo, socialist writer. It exhorts particularly those who are "molders of public opinion—the clergy and ministers of all Christian churches, publicists, teachers, editors and statesmen—to strike at this un-American and un-Christian agitation."

"We regret exceedingly," the protest said, "the publication of a number of books, pamphlets and newspaper articles designed to foster distrust and suspicion of our fellow citizens of Jewish ancestry and faith—distrust and suspicion of their loyalty and their patriotism."

"A new and dangerous spirit," it asserted, "is being introduced into the national political life by these publications, challenging and menacing American citizenship and American democracy. Men and women of Jewish ancestry, who are 'molders of public opinion'—the clergy and ministers of all Christian churches, publicists, teachers, editors and statesmen—to strike at this un-American and un-Christian agitation."

To Mr. Spargo's request for his approval of the protest, President Wilson wrote:

"I have your letter of December 22, and I am heartily in sympathy with the protest against the anti-Semitic movement. I beg that you will add my name to the signatures."

President-elect Harding, in a letter made public by Mr. Spargo, declared his disapproval of anti-Semitism, but expressed a desire to avoid creating a precedent by signing the protest.

"I am sure you can understand why, at the present time, I am seeking the avoidance of undue publicity and reluctant to make public statements relating to any of our pending problems. I am, however, in sympathy with you already know, and that the American people already believe, that I am giving no sanction to anything so narrow, intolerant, or so un-American as the anti-Semitic movement. I have been preaching the gospel of good will and good will and no one who believes in these things and hopes for the concord of America can be interested in any other movement aimed against any portion of our American citizenship."

Reasons for Protest.

"We protest against this organized campaign of prejudice and hatred," the signers declared, "not only because of its manifest injustice to those against whom it is directed, but also and especially because we are convinced that it is wholly incompatible with loyal and intelligent American citizenship."

"The loyalty and patriotism of our fellow citizens of Jewish faith," it added, "is equal to that of any part of our people and requires no defense at our hands."

Secretary of State C. V. Coffey sent his approval by cable from South America. Others who signed were Secretary of War Baker, Secretary of Agriculture Meredith, former Secretaries of State Bryan and Lansing; former Secretary of War Lindley M. Garrison; former Secretary of the Interior Franklin K. Lane and former Attorney General George W. Wickersham.

Several college presidents, including Nicholas Murray Butler of Columbia University and Thomas J. Shahan, rector of the Catholic University of America, besides a number of churchmen, are in the list of signers.

## Only Time Tables In Envelope Said To Contain Will

ALEXANDRIA, January 17 (Special).—A paper sealed in a long, official envelope, purporting to be the will of an aged woman who died in Bloomington, Ill., was opened in court by Judge Moncreux in the presence of officials of the home, and instead of \$120 and an insurance policy for the home it contained one letter and two railroad time tables, much to the chagrin of the officials of the home.

It was left at the home several days ago by an unidentified young man, and instructions were written on the back as to the contents and how and when the envelope should be opened.

"We regret exceedingly," the protest said, "the publication of a number of books, pamphlets and newspaper articles designed to foster distrust and suspicion of our fellow citizens of Jewish ancestry and faith—distrust and suspicion of their loyalty and their patriotism."

"A new and dangerous spirit," it asserted, "is being introduced into the national political life by these publications, challenging and menacing American citizenship and American democracy. ## ITALIAN CABINET FAVORS TREATY MODIFICATIONS

Against Forcing Germany to Fulfill All Obligations or Turkey to Accept Arrangement.

LONDON, January 16.—It has been unanimously decided by the Italian cabinet, says an Exchange Telegraph dispatch from Rome, that in the coming supreme council in Paris it will be impossible for Italy to support any measure calculated to force Germany to fulfill in their entirety the obligations of the Versailles treaty or any measure to force Turkey to accept the present disposition as regards the near eastern situation.

Regret Nations Not Represented.

MILAN, Italy, January 15.—At the close of the sessions here Friday of the league of nations societies' conference the delegates addressed a telegram to the British and French league of nations societies, which had abstained from being represented at the conference, expressing the regret of the conference over the absence of representatives of these two nations. The message added that the meeting had attained its object in bringing out expressions of the viewpoints of the various nations represented and that all had manifested their purpose to work together for the definite pacification of Europe.

The Milan conference of the league of nations societies was called by the Italian league of nations society and was attended by Austrian, Bulgarian, German, Hungarian and Italian delegates. The British and French societies declined to attend on the ground that the questions to be discussed had already been covered by the Geneva assembly of the league.

Ninety-five per cent of the total known vanadium in the world is represented in the deposits of the famous Minas Ragra, in Peru. There is supposed to be in sight at this mine of 26,000,000 pounds metallic content.

"During the same period the workers in the textile mills were denied any share of this prosperity and received wages utterly inadequate to support them in health and decency."

"Therefore the textile workers here represented call upon the employers to shoulder all the losses of hard times as they reaped all the benefits of prosperity."

Will Ask Pay Restriction.

LAWRENCE, Mass., January 17.—Assurance that "when the time is ripe the United Textile Workers of America, backed by the American Federation of Labor, will seek restoration of the 22½ per cent in wages stolen from us through the manipulation of the employers," was given employees of mills in this city after a meeting of the local branch of the organization today.

Promise Aid to All Strikers.

BOSTON, January 17.—Representatives of unions in many textile centers of Massachusetts and Rhode Island affiliated with the Amalgamated Textile Workers were authorized at a meeting here yesterday to report to their organizations that the Amalgamated pledged to render all support possible, both moral and financial, to any local branch which should declare a strike as a protest against the recently announced wage reductions in New England mills.

WELL KNOWN RAIL MAN DIES.

RICHMOND, Va., January 17.—Charles W. Bradley, eighty-four years old, superintendent of telegraph of the Chesapeake and Ohio system, and probably one of the best known railway men in the United States, died in Nyack, N. Y. His funeral will take place Monday, in New Milford, Conn.
